

New Food Tech Resource
Abbs Cross Academy & Arts
June 2021
Project Value £100K

We produced the design and drawings for the proposed new food tech room for approval by the client. The works consisted of Complete removal of all existing finishes, flooring sinks, ovens desks, electric lighting, power and plumbing. The new works consisted of plastering, re wire, new plumbing supply pipe work, new compact laminate work stations, LED lighting, fire doors, hygienic cladding to walls, storage units, painting and decoration. Fully CDM compliant and carried out by our DBS checked operatives, the project was completed on time, budget and extremely high standard with all necessary certifications (NICEIC, Gas Safe etc).
