

Anti Ligiture Fit Out
The Chase Building, Enfield
June 2021
Project Value £250K

Every Project Counts Ltd specialise in this type of specialist fit out at The Chase Building, Enfield. We are an approved installer of Q Mark doors and have extensive experience at installing anti ligiture fixtures and fittings.

The project involved the installation of a new S136 Suit and resign walls and floors. We installed anti ligiture IPS units in bedroom ensuites and carried out a full refurbishment of the ward.

Anti ligiture mechanical and electrical fixtures and fittings were introduced throughout.

We understand the sensitivity of working in this type of environment, our staff and supply chain undergo specific training and all have an enhanced DBS.
