

Christie Road Window & Door Replacement

Sanctuary Housing

Jan 2023

Project Value £2.1M

Christie Road is located in the London Borough of Hackney and was built in the early 20th century. All the properties in the street are Grade 2 listed and Every Project Counts Ltd was contracted by Sanctuary Housing to upgrade the windows and doors, external building fabric and redecorations.

Working closely with the local conservation officer the works had to be both in keeping with the Grade 2 listing and meet current building standards.

Our team have overcome the many challenges a fully occupied street of residents can present by informing and communicating with the local community and being flexible wherever possible.

Being within an inner city location the logistics had to be carefully planned and co-ordinated so as not to inconvenience the residents, school and commuter traffic.

Meticulous planning has been crucial on the project and the whole team deserve high praise for the way they have addressed these issues.
