Eden House

Client: Barnet, Enfield and Haringey Mental Health Trust

Value: £2M

Thoughtfully designed for dignity and safety in mind, this complete refurbishment delivered a calm, modern and secure environment tailored to the needs of mental health care. Every element, from soft pastel wall tones and durable natural finishes, to anti-ligature furniture and vibrant artwork, has been selected to support wellbeing, safety and therapeutic engagement.

Demonstrating our commitment to safety and quality, EPC incorporated anti-ligature doors and secure fencing systems into the Eden House project. These industry-leading solutions are specifically designed for mental health environments, providing enhanced security without compromising comfort or respect for individuals. By integrating these solutions, EPC ensured that the refurbished facilities not only met safety standards but also supported a therapeutic, patient-focused environment.
